

Approved For Release 2006/02/07 : CIA-RDP86M00612R000100060081-9

SECRET

MEMORANDUM FOR: Captain E. Lee Fox, USN
CIP TOD Liaison Representative

SUBJECT : Transmittal of List of CIP Units and Activities
Appearing in TOD

1. Enclosed are five copies of the list prepared in our office which identifies the individual units and activities of the Army, Navy, Air Force, DIA and DASA which are considered Reporting Entities in the TOD. You have received sets of the TOD forms covering each of these entities.
2. Will you please review this list and let our office know whether or not corrections should be made. If we have failed to identify any units or activities for which TOD forms should be provided, we will prepare these forms promptly upon hearing from you. At present, however, we are under the assumption that the units identified on this listing exactly coincide with the totality of the CIP.
3. We have transmitted to you separately two complete sets of TOD Reporting Entity forms (2812 and 2812a) for you to put in the hands of each of the Reporting Entities. We have sent you another set to be distributed among your Army, Navy, Air Force and DIA representatives and to serve as a control document for each service. In addition we have provided you for your own use another set containing the same information as shown on the forms provided for the Reporting Entities. On the sets for your use and for the use of your contact points in the Services, you will note that we have provided the form 2812a as formatted for FY 1968 only; we have not sent you separate pages of the 2812a for the later fiscal years; these latter pages are not needed by you because they contain the same information as does the FY 1968 page(s); we have of course provided enough pages for all years in the sets sent to you for further delivery to the individual Reporting Entities.
